

Bild- und Wortkarten zu „Betzold Interaktiver Lerntrainer“

Lehrerhandreichung

Diese Bildkarten sind für den interaktiven Lerntrainer von Betzold konzipiert, können aber natürlich auch für andere Übungen oder mit einem Audiostift verwendet werden.

Meine ursprüngliche Idee:

Diese Bildkarten sind für den DAZ Bereich erstellt worden. Es geht hier rein um die Wortschatzerarbeitung und Wortschatzerweiterung. Der Wortschatz/die Vokabel können individuell ausgewählt werden. Die ausgewählten Bildkarten werden in den Lerntrainer gesteckt und besprochen oder mit einem Audiostift besprochen. Die angehängten Wortkarten oder Bildkarten (falls das Kind nicht lesen kann) werden auf dem Tisch aufgelegt. Außerdem werden entweder farbige Karten/Teppiche/Stapelsteine usw. benötigt. Diese werden im Raum verteilt aufgelegt. (Mögliche Erweiterung: Zu der jeweiligen Farbkarte bzw. zum jeweiligen Teppich oder Stapelstein wird eine Bewegungskarte aufgelegt. Beispiel: roter Stapelstein = darüber hüpfen.)

Ablauf:

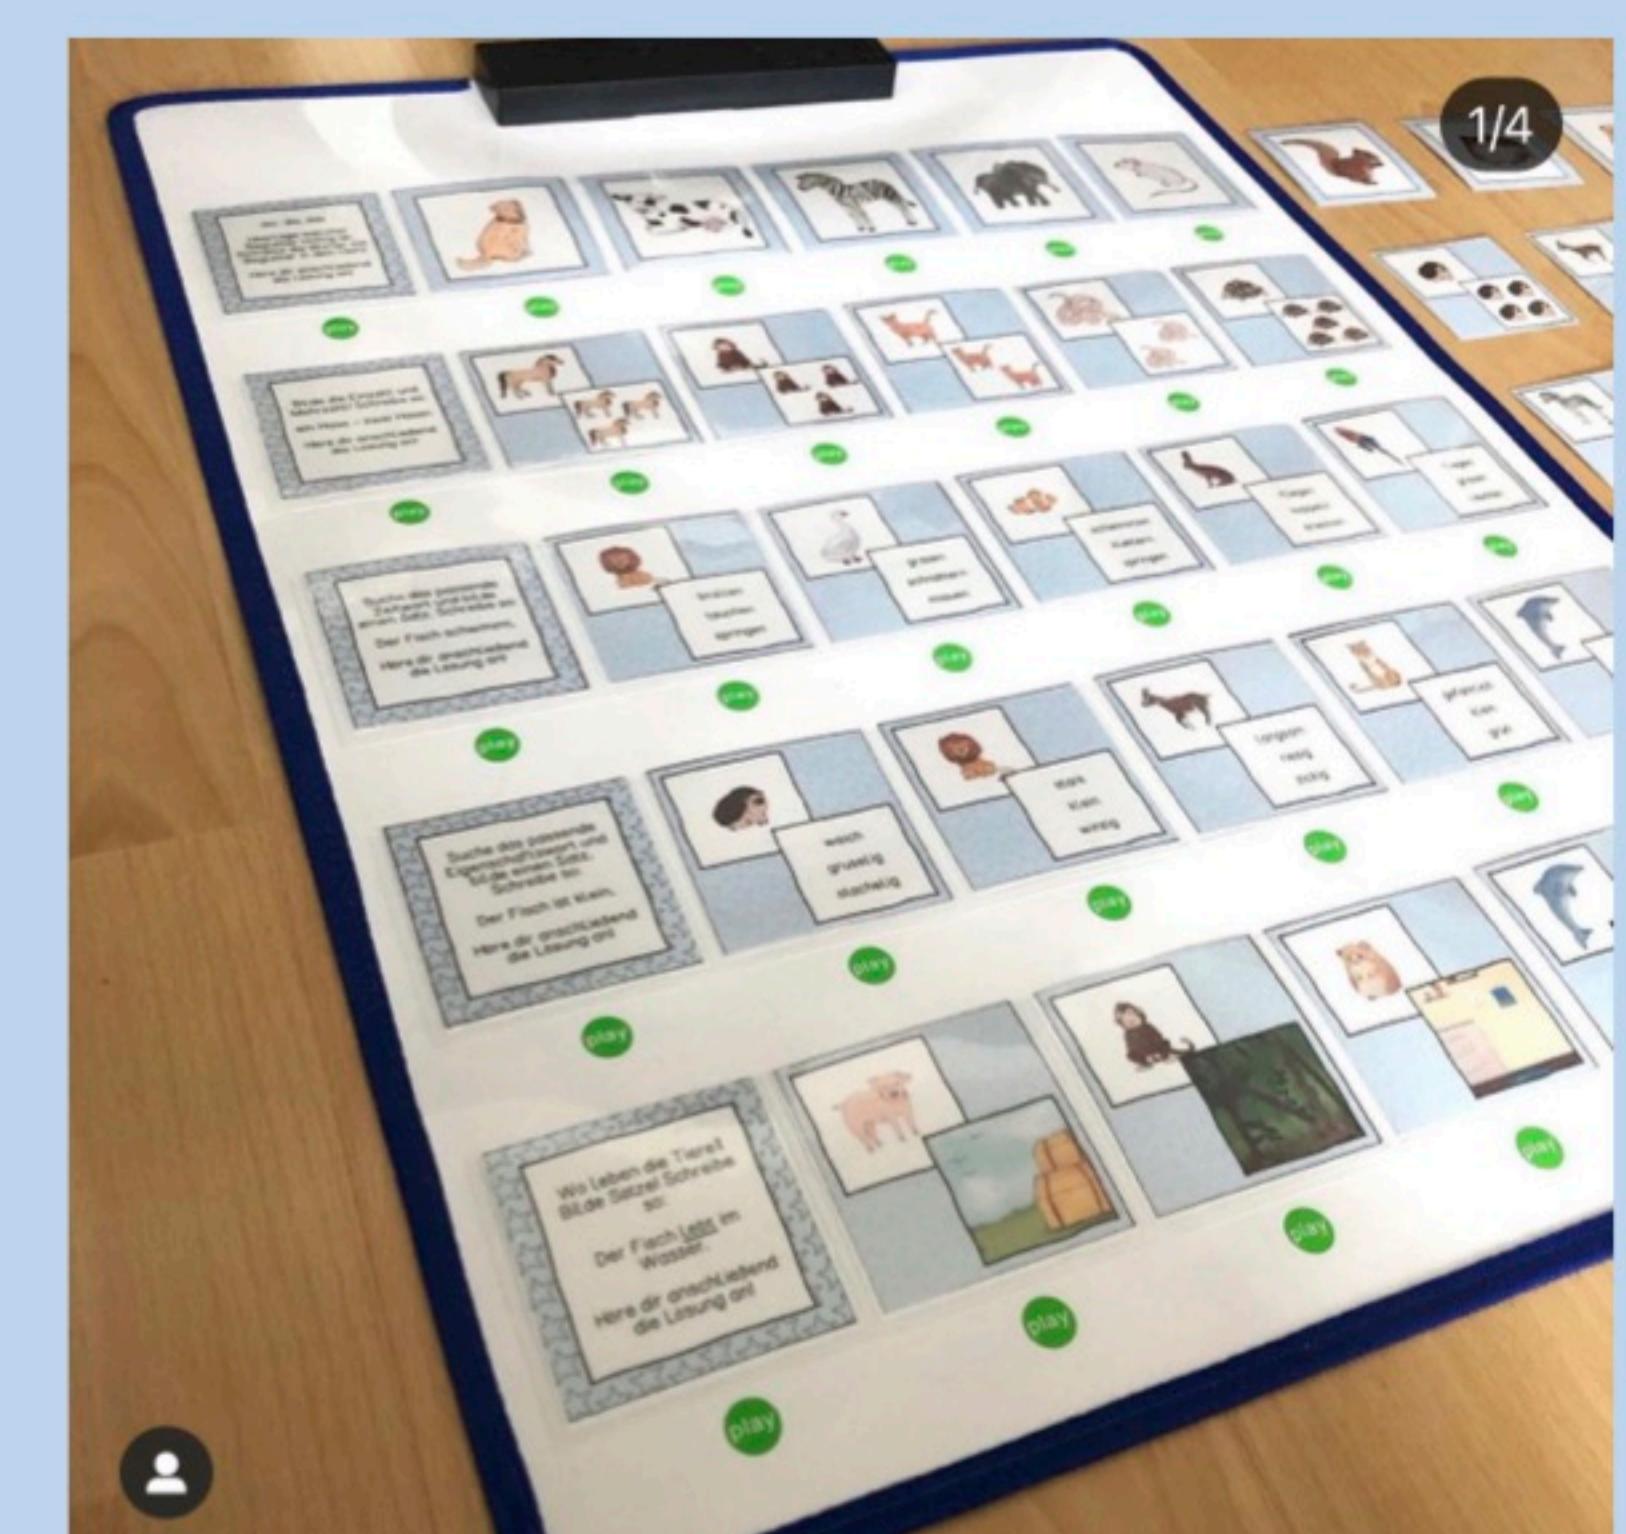

Das Kind geht zum Lerntrainer, wählt eine Karte, hört sich das Wort an, geht zu seinem Tisch, wählt die passende Wort- oder Bildkarte, spricht das Wort selbst nochmal nach. Das Kind entdeckt auf seiner Bild- oder Wortkarte einen farbigen Kreis (abgestimmt auf die Stapelsteine), läuft zu dem jeweiligen Stapelstein und führt die Bewegung aus.

Ziel der Übung:

Vokabel lernen mit Bewegung und Spaß

Weitere mögliche Übungen (nicht nur im DAZ Bereich):

- auditive Schleichdiktate
- passende Adjektive zu den Nomen finden
- Laute (Anlaute, Inlaute, Endlaute) heraushören
- Wörter schreiben
- ...
